WORK

Google
2016 - PRESENT

Exploring, designing, engineering and prototyping new user experiences for Google's Virtual Reality and Augmented Reality initiatives. Spoke at internal and external events; managed vendors and manufacturer relationships.

Amazon
2013 - 2016

Led the design, prototyping and front-end work of a number of products, including Retail Analytics, AR shopping, Amazon Go and Echo Look. Won numerous awards for design and innovation.

Apple
2012

Designed and developed interactive analytics & data visualization web application for the Mac OS X Product Release organization.

ManGoes Mobile
2011

Led a team of engineers to develop iOS and Android mobile apps and defined the front-end design directions for all products.

EDUCATION

Univ. of Michigan
2011 - 2012

Masters, Human-Computer Interaction

BRAC University
2007 - 2010

Bachelors, Computer Science

SKILLS

- Rapid Prototyping
- User Experience Design
- Data Visualization
- Web Applications
- 3D Game Development
- Information Architecture
- Microcontrollers & Hardware
- Virtual/Augmented Reality
- Software Engineering
- iOS and Android Apps
- CAD and Fabrication
- Visual Design
- 3D, CAD & Motion Design
- Usability & UX Research

LEADERSHIP

ACM
2010

Founding Chairperson of the first ACM chapter in Bangladesh.

IEEE
2010

Chairperson of IEEE student branch at BRAC University.

ACHIEVEMENTS

- 12 US/Intl Patents filed
- Best of the Best Award
- Scientific and Technical Achievement Award
- Winner - Intent 2014
- Deliver Results Award
- Winner - Up The River
- Best in Show Award
- Best Overall Award
- Most Innovative Award
- Think Big Award
- People's Choice Award
- National Technology Innovation Award
- GP-Microsoft Aloashbei Award
- Dean's Honor List

VOLUNTEERING

brubru
2014 - PRESENT

Board Member of the non-profit telecommunication organization.

NIH
2012

Designed the NIH Library website as a Special Volunteer.
